

Antonis Chatzipavlis

Title:	PhD Candidate
Affiliation:	Department of Marine Sciences, University Hill, Lesvos
Phone:	(+30) 22510 36847
E-mail	✉ mar02098@marine.aegean.gr

Antonis holds a BSc in Marine Sciences, a MSc in Coastal Zone Management and he is PhD Candidate and researcher at the Department of Marine Sciences of the University of the Aegean.

His research focuses on coastal morphodynamics/hydrodynamics (with emphasis on the breaker and surf zone), wind/sedimentological data analysis, investigation of beach erosion processes, functional/constructional assessment of coastal protection works, coastal zone vulnerability to climate changes/extreme events, morphodynamic modeling, collection/analysis of field data (topographic, meteorological and hydrodynamic data).

He has participated in several research projects (eg. ISLA, BEACHTOUR) and he has authored/co-authored more than 10 publications.

He is independent diver (Advanced Open Water Diving License from PADI organization) as well as free diver
